Joy found a bag of flower seeds.
What can she do with them?
Joy had a frown on her face.
Then she smiled.
She will make a garden in the soil!

What will she do first?
Joy will plant her seeds.
A good spot of land
is what Joy needs.

This soil is nice and brown.
Joy digs tiny holes
for the seeds.
She will dig holes
for every single one of them!

Now the seeds can be planted.
One seed in each hole
is how it's done.
Put soil on top,
but do not pound it down!

It's time to make the soil moist.
It is a shower for the flowers!
It will help them sprout.
Now they just need sunlight.

When will the flowers sprout?
Without a noise,
the flowers will poke out
of the ground and go up to the sky.

Joy is so proud!
Her flowers did get big.
She will pick one flower
and take it home.
