

## Assignments to do when you are not able to come to school...

- Practice spelling words -spelling vocabulary city is one way to practice, or practice rainbow writing words (write word and then trace it over with three different colors of crayon, markers, or colored pencils)
- Check Reading Street website for individualized assignments or work on rereading decodable readers, songs, or weekly stories. There are many activities in the weekly packets to review.
- Practice addition and subtraction facts -some options are using XtraMath, SplashMath, Tenmarks, or SplashMath, or practice rolling three dice and adding them together.
- Writing- write a letter to Miss Esler telling her your favorite part of school. Be sure to include a greeting, the date, a closing, and your signature. Be sure to have capital letters at the beginning and punctuation at the end!

Our daily lessons are listed on our classroom calendar. Please see Miss Esler for specific details.
